

Dear Community Member:

Each year our courageous jumpers take the plunge into the icy waters of Goodyear Lake to support the Goodyear Lake Polar Bear Mission. Our mission is to raise money to support local families and organizations. In addition to jumping, many volunteers donate their time and efforts by collecting items and monetary donations for our annual auction and raffles which help offset costs of the actual jump.

We have faith that your support will help make the lives of these families and our community a little better. Any contribution will be greatly appreciated. Detailed annual information in regards to our recipients can be found on our website: www.pbjump.com.

Thanks for your support.
